"IT'S GOOD TO TALK"

WWW.BIRDYJOURNALS.COM

Hi, I'm Birdy!

I'm so excited that you've downloaded my Conversation Starter Cards. All you need to do is cut along the grey lines so you have your own deck of 24 cards.

Remember: "It's Good To talk"

Birdy

If you could be a bird, which one would you be?

Would you rather have a time machine or a flying magic carpet?

What makes you laugh out loud?

Ask a Grown-Up to tell you a story about their childhood.

What would you change about school and why?

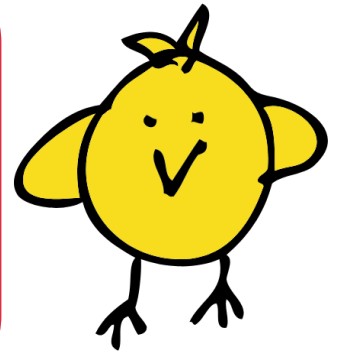

Would you rather be invisible or hear people's thoughts?

Don't Want To Print These Out?..

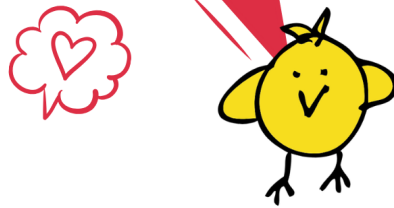

If you haven't got access to a printer....or maybe your ink has run out (eek) – then why not get a piece of plain paper and make your own cards. If you fold a piece of A4 paper in half and do that 3 times, it will make 8 cards. Cut along the folds and then write our questions on each piece of paper. **Easy-peasy!**

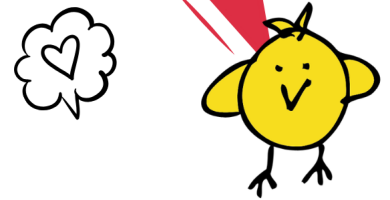

Which teacher helps you the most and what's special about them?

By the time it's your next birthday, what do you want to achieve?

What's the scariest thing you've ever done?

Share one thing that you were grateful for today.

Would you rather do the dishes or help with laundry?

Have you done something nice for somebody today? If yes, what have you done?

HOW TO USE YOUR CARDS...

We usually tell you to take your cards to restaurants, sleepovers, holidays, but during Birdy Nesting here's some other ideas...

- Morning Chat
- Bedtime chat
- Sitting Around The Dinner Table
- Whilst Going For A Walk (following government guidelines)

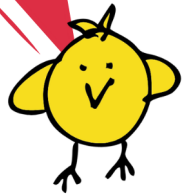

What gives you warm fuzzy feelings in your tummy?

Where in the world would you like to visit and why?

What do you love doing as a family?

Who's your hero and why?

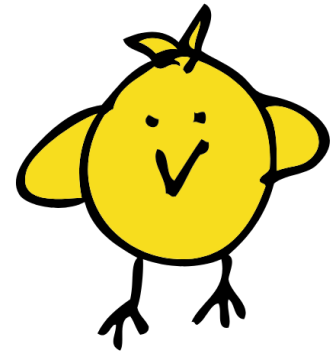

Would you rather not be allowed to eat sweets for a year or not be able to use a phone or tablet?

If you could change your bedroom, how would you have it?

It's Good To Talk

Is there a sport you'd love to try?

Would you rather have unicorn horns for life or crocodile tail for life?

Share your favourite day EVER!

Would you rather be invisible or hear people's thoughts?

What is a family tradition that you love?

Is there anyone at school that isn't nice to you? If so, how can it be better?
